EXPLANATION OF STITCHES

The chain may be called the fundamental stitch in crochet, for on this rest all the others. Make a loop of thread around the needle, put the thread over and draw through this loop, forming a new stitch or loop, and so continue until the chain is of the length required. The abbreviation for chain is ch.

The slip-stitch is properly a close joining stitch: Drop the stitch on the needle, insert hook through the stitch of work to which you wish to join, take up the dropped stitch and pull through, thus making a close fastening. The abbreviation is sl st.
Single crochet (frequently called slip-stitch, and sometimes mitten-stitch) is made thus: Having a stitch on
Single Crochet

needle, insert hook in work, take up the thread and draw it through the work and the stitch on the needle at the same time. The abbreviation is s c.

Double crochet. Having a stitch on needle, insert hook in work, take up thread and draw through, giving

Double Crochet

you two stitches on the needle; take up thread and draw through the two stitches. The abbreviation is d c.

Treble crochet. Having a stitch on the needle, take up the thread as if to make a stitch, insert hook in work, take up thread and draw through, making three stitches or loops on the needle; * take up thread and draw through
Treble Crochet

two, again and draw through two. The abbreviation for treble crochet, is tr. It will be noted that the single crochet has one "draw," the double two, and the treble three, from which these stitches take their names.

Half-treble or short-treble crochet. Like treble to *: then take up thread and draw through all three stitches at once.

Double treble. Thread over twice, hook in work, thread over hook, draw through the work, making four stitches on the needle, (thread over and draw through two) three times. The abbreviation is d tr.

Triple treble. Thread over three t'mes, hook in work, thread over hook, draw through work, making five stitches on the needle: Work off the stitches two at a time. The abbreviation is t tr.

Quadruple treble has the thread over needle ,our times before inserting in work. Longer stitches are made in the same way.

Picots, frequently used to finish the edges of crochet-lace and other work, are made in various ways, directions usually accompanying the piece of work on which they are used. For a closed picot, make a chain of three, four, five or more stitches, according to size of picot wanted, and join

Picots on a Chain

in a loop by catching into the 1st stitch of chain (the last, counting from hook), drawing closely together. Open picots are not caught in 1st stitch of chain but are made between two stitches placed close together. The abbreviation is p.

Roll-stitch. This stitch, revived as are so many of the "new" things, was formerly called bullion-stitch. It consists simply of a coil of "overs" through which the thread is drawn. Working on any foundation, and having a stitch on the needle, wind thread around the latter smoothly ten times, or as many times as called for by your directions—such details are always given; insert hook in work, take up thread and draw through, again and draw carefully through the coil on the needle, again and draw through the remaining stitch. A slender needle, tapering to the hook, is better for the purpose than a straight one, and its passage through the coil or roll is facilitated if the latter be held firmly between the thumb and finger of the left hand as the hook is worked

Roll-Stitch

through the right. The length of the roll-stitch is determined by the number of "overs" used. Abbreviation is roll st.
## TERMS USED IN FILET-CROCHET

Space. Spaces are the open squares on the chart. They are made by working chain 2, miss 2, treble in next stitch. The abbreviation is sp.

Blocks. These form the solid or close parts of the work. They are made of three trebles. Where one block stands alone there will be 4 trebles in the group, of which the first belongs to the previous space; where two blocks stand alone there will be 7 trebles in the group, 3 each for the two blocks and 1 for the previous space; while three blocks will contain 10 trebles, that is, 9 for the blocks and 1 for the space. It will be seen that any group of blocks will have three times as many trebles as there are blocks, with one additional for the space. When working trebles into trebles always take up two threads. The abbreviation is bl.
Filet-Crochet

Parentheses ( ) and asterisks or stars (*) are used to prevent the necessity of repetition and to save space. They indicate repeats of like directions. Thus: (Chain 3, miss 3, 1 treble in next) 3 times, is equivalent to chain 3, miss 3, 1 treble in next, chain 3, miss 3, 1 treble in next, chain 3, miss 3, 1 treble in next; or to * chain 3, miss 3, 1 treble in next, repeat from * twice.

d tr, making the 4th thus: Having the 4 st on needle, take up thread and draw through 1 st, then work off as usual; the extra st gives 1 ch in which to insert the hook for the next d tr, make 2 more in this way, then the next as usual, turn. Or, if preferred, a ch for this widening may be made at beginning of 2d row, thus: Ch 11, drop the st on hook; insert hook in next st, pick up the dropped st and **pull** through, repeating until you have slipped over 4 st, then miss 4 ch, a d tr in each of next 2, 4 d tr in 4 d tr. The working-pattern may now be followed.

For the fringe, wind the thread around a card seven inches wide as many times as desired for thickness of fringe—say five times; slip off, double, put loop through a space, bring the end through loop, draw up, and repeat. Clip ends of fringe evenly.

In finer thread this pattern makes an effective inset for a table-runner, or it may be applied to a wide variety of purposes which will suggest themselves to the worker.

Work up 1st strap of 35th row in same way, that is, make a shell between 11th and 12th tr, counting from you, also under 3 ch at end of 3d strap in 69th row, lacing this strap under the 4th, over the 3d and under the 2d strap of 35th row; shell between 23d and 24th tr, also under 3 ch of 2d strap of 69th row, bringing this over the 4th, under 3d and over 2d of 35th row, ch 5, shell between 35th and 36th tr, and under 3 ch at end of 1st strap of 69th row, lacing this as you did the 3d strap, ch 5, shell in center of shell with 1st strap of 35th row, (ch 5, shell in center of next shell) 7 times, ch 5; like 24th row from *.

Attach a tassel to the shell at center of point; wind the thread 15 times or more over a card nine inches across, slip off, double, put the loop through shell, bring the ends up through the loop, draw up evenly and clip the ends.

This scarf-end is very rich-looking and of unusual design. The border alone, repeating the 2d row, makes a simple and pretty insertion for towels.

4. Three d c in 1st st, 1 in next; repeat around, join and turn.

6. Two d c in 1st st, 1 in each of 3; repeat around, join and turn.

8. Three d c in 1st, 1 in each of 4; repeat, join and turn.

Continue in this way, always working the row of plain doubles between the widening rows, increasing 2 stitches between corners in 1 widening row (as in 4th), and 1 stitch in next widening row (as in 6th), until you have completed 9 ribs outside of center, or the center is as wide as desired with the material used. The hexagons made for the set, of which one of the oval mats is illustrated, are four inches in diameter. Join two of them on one side by crocheting together, and one between these two on two sides.

For the border:

1. Fasten in the joining between two hexagons, ch 3 for a tr, 2 tr in same place, * ch 4, miss 6 d c (or one third the distance across the section or gore), 3 tr in next, (ch 4, miss 6, 3 tr in next) twice, the last group coming at point of hexagon, repeat from * along next two sides, (ch 4, 3 tr in joining, or between hexagons, and continue around the mat, joining last ch to top of 1st tr.

2. Slip to 2d tr, ch 3, 3 tr in same place, * ch, 3 tr in 2d of next 3 tr, repeat around, join.

3. Same as 2d row, with 7 ch between groups of tr.

4. A d c in 2d of 3 tr, (2 tr under 7 ch, ch 4, fasten in top of last tr for a p) 3 times, 2 tr under same ch; repeat around, join and fasten off securely.

Smaller oval mats may consist of two hexagons, joined at one side, with the border, and larger ones may have three or four joined in a row. Small round mats may have the border added to a single hexagon, larger ones may have three hexagons joined for the center (as in the oval mat illustrated, omitting one end hexagon), and still larger ones may have six hexagons joined around a seventh, for the center. The mats may be varied as to size and shape in many ways, and there may be as many in a set as desired, say two each of the smallest and medium-sized round ones, and one large round one, one large oval and two each of the other sizes.

Figure 7

HOT-DISH MATS

Figure 8. Use about No. 10 crochet-cotton, with a hook that will carry the thread easily and smoothly. I like a rather coarse perle cotton, mercerized, for these mats.

For the oval mat: Make a chain of 29 stitches.

1. A tr in 8th st from hook, 7 sp (of ch 2, miss 2, 1 tr), ch 4, a tr in same st with last tr.

Figure 8

2. Ch 5, a tr under the tr last made (which forms a part of the end sp), (ch 2, tr in sp) 7 times, ch 2, tr in end sp, (ch 2, tr in same sp) 6 times, (ch 2, tr in next sp) 7 times, ch 2, tr in end sp, (ch 2, tr in same sp) 4 times, ch 2, join to 3d of 5 ch.

3. Ch 3, tr in same place, ch 2, tr in next tr, ch 2, miss 1 sp, tr in next, (ch 2, tr in next sp) 6 times, (ch 2, 2 tr in next tr) 7 times, ch 2, miss 1 sp, tr in next, (ch 2, tr in next) 6 times, (ch 2, 2 tr in next tr) 5 times, ch 2, join to top of 3 ch.

4. Ch 3, 2 tr in tr, ch 2, 3 tr over next 2 tr (1 in 1st and 2 in 2d), (ch 2, tr in sp) 8 times, (ch 2, 3 tr over 2 tr) 7 times, (ch 2, tr in sp) 8 times, (ch 2, 3 tr over 2 tr) 5 times, ch 2, join. You have thus started 7 points at each end, with 9 sp between, on both sides.

5. A tr in each tr (ch 3 for 1st) with 2 tr in last tr, ch 2, 4 tr over 3 tr, ch 2, miss 1 sp, tr in next, (ch 2, tr in next sp) 7 times, (ch 2, 4 tr over 3 tr) 7 times, (ch 2, tr in next sp) 8 times, ch 2, miss next sp, (4 tr over 3 tr, ch 2) 5 times, join.

6, 7, 8. Same as 5th row, adding 1 more to each point, every row; keep the same number of sp (9) along the sides, missing 1st sp in one row and last sp in next, so the wide sp will not come all on one side.

9. Six tr over 7 tr, missing last, ch 2, tr in sp, ch 2, 6 tr (ch 2, tr in next sp) 10 times, (ch 2, 6 tr in 6 tr, ch 2, tr in sp, ch 2) 7 times, 10 sp, (6 tr, 2 sp) 5 times, join last 2 ch to top of 3 ch.

10. Five tr over 6 tr, 3 sp, 5 tr, 11 sp, (5 tr, 3 sp) 7 times, 11 sp, (5 tr, 3 sp) 5 times, join.

11, 12, 13. Same as 10th row, decreasing 1 tr in each point, increasing 1 sp between points, and adding 1 sp to each side, every row.

14. Ch 5, tr in sp, (ch 2, tr in next sp) 5 times, ch 2, tr in tr, 15 sp along the side, tr in tr, and continue around, all sp; joining last 2 ch to 3d of 5 ch.

15, 16. Sp all around, 5 ch to begin, and joining last 2 ch to 3d of 5 ch.

17. Two tr in sp, ch 4, fasten in 1st st of ch for p, 2 tr in same sp, a d c in next sp; repeat around.

18. For the binding, turn the mat over and make 1 tr between 2 of the little scallops, ch 5, tr between next 2; repeat around, join.

19. Tr under 5 ch, ch 7; repeat around, join.

20. Tr under 7 ch, ch 6; repeat. The band should be snug enough to hold the asbestos mat when in place, yet not so tight that it is difficult to slip the mat over it.

This mat may be made as much longer as desired by adding to the number of spaces in 1st row, along the sides. The widening of the points may be continued, following the directions in other particulars, and extra rows of spaces worked around the edge.

Figure 9. For the round mat: Chain 7, join.

1. Ch 3, 25 tr in ring, join to top of 3 ch.

2. Ch 5, * miss 1, tr in next, ch 2; repeat around, joining to 3d of 5 ch, 13 sp in all.

3. Two tr (ch 3 for 1st tr) in each tr, 2 ch between groups; join last 2 ch to top of 3 ch, always.

4. Tr in 1st tr, 2 in next, ch 2; repeat around, join.

5. Tr in each tr with 2 in last, ch 2; repeat, join.

6, 7, 8, 9. Same as 5th row, increasing 1 tr in each point, every row. For a larger mat, as suggested, these increasing rows may be added to.

10. Seven tr in 7 tr, ch 2, tr in sp of 2 ch, ch 2; repeat around, join.

11, 12, 13, 14, 15. Same as 10th row, decreasing each point 1 tr, and increasing 1 sp between points, every row.

16. Tr in 1st of 2 tr, (ch 2, tr in sp) 7 times, ch 2; repeat around, join.

17, 18. Sp all around.

Edge and band as directed for oval mat.

Another way of making the band or turnover is as follows:

1. A tr between scallops, * ch 2, tr between next 2; repeat.

2. Tr in sp, ch 2; repeat, join.

3. Tr in sp, ch 1, tr in next sp, ch 2; repeat, join.

The spacing may be varied as required: if one works very tightly it may be necessary to add a stitch to the chain. Crochet a chain long enough to extend around the mat, allowing for tying, and lace this through the last row of spaces. Put the mat on over the asbestos, pulling and stretching the latter in order to get the stitches exactly even, then draw up the cord and tie.

Figure 9

LACE DOILIES

Figure 10 These doilies form a very lovely water-set, if it is desired to use them for the purpose. Three balls of No. 70 crochet-cotton will be sufficient to make them, and the border is first completed. For the motif or medallion of the small doily make a chain of 6 stitches, join.

1. Ch 4 for d tr, (ch 7, d tr in ring) 3 times, ch 7, join to top of 4 ch.

Figure 10

2. D tr in each of 7 ch st (ch 4 for 1st d tr), ch 9; repeat, joining last 9 ch to top of 4 ch.

3. D tr in each of 7 d tr (ch 4 for 1st, ch 7, miss 1 of 9 ch, tr in next, (ch 1, miss 1, tr in next) 3 times, ch 7; repeat, joining last 7 ch to top of 4 ch.

4. Join the motifs when working a loop of 7 ch at each side, leaving 4 loops on outside and 2 loops on the inside, not counting the joining loops. Fasten the thread where the motifs meet, work

3 d c before the 3 sp, 1 in each tr and ch of sp, 4 d c in loop, p, 4 d c in same loop, * d c in each d tr of group with p over middle d tr, 8 d c in next loop, omitting p, work across the 3 sp as before, with d c in each st, ch 7, turn, fasten in the d c over 1st of the 4 tr, turn, fill the loop just made with 9 d c, 4 d c in next loop, ch 4, turn, miss 2 d c of last loop filled, t tr in next, (ch 4, t tr in next) 4 times, ch 4, fasten in middle of next loop back, turn, fill 1st 2 loops with 3 d c, p, 3 d c, 6 d c in each of next 2, omitting p, ch 4, turn, a d tr over the 3d t tr, (ch 4, d tr in same place), turn, ch 4, fasten in st over next t tr, turn, 3 d c, p and 3 d c in 1st loop, 6 d c in next, omitting p, 3 d c in next, ch 9, fasten in middle of preceding loop, turn, fill this loop with 7 d c, p, 7 d c, 3 d c to complete filling next loop, fill each of next 3 loops with 3 d c, p, 3 d c, 3 d c to finish filling next loop, * work across the group of d tr as before, 4 d c, p and 4 d c in next loop, work across the sp with d c in each tr and sp, 3 d c in next loop to the joining, and repeat.

To fill in the center:

1. Fasten thread in the 2d of the 3 sp, ch 3 for a tr, * ch 4, a tr under 7 ch-loop at side, ch 4, a quadruple tr (over 4 times), in 4th of 7 d tr, ch 4, quadruple tr in 4th d tr of group of next motif, ch 4, tr under 7 ch, ch 4, tr in 2d of 3 sp: repeat, joining last 4 ch to top of 3 ch.

2. Ch 4, miss 1, tr in next st, ch 1; repeat, joining last 1 ch to 3d of 4 ch.

3. Sl st under 1 ch, ch 4, * tr in next sp, ch 1; repeat, only missing every 13th sp (in small doily) to decrease the center.

4, 5, 6, 7, 8. Same as 3d row, missing the sp over that of preceding row.

9. Ch 4 for a d tr, * ch 4, miss 2 sp, d tr in next; repeat around, joining last 4 ch to top of 1st 4 ch.

10. Sl st to middle of sp, ch 5 for a t tr, * ch 1, t tr in next sp; repeat around, joining last 1 ch to top of 5 ch.

11. Sl st in sp, ch 4 for a d tr, a d tr in each sp all, around, join and fasten off.

**Figure 11.** The motifs or medallions for the larger doily

Figure 11

are made in the same way as for the smaller ones, save that the two connecting loops are of 10 chain instead of 7 chain; it is well to bear this in mind, as otherwise the border may be too full. On the inside fasten the thread in the same place as directed for the smaller doily, and work in the same way, with the same number of chain-stitches, except that between the quadruple trebles, where it is necessary to chain 6 instead of 4, to correspond with the longer joining chain of the border. Then after working 2 rows of spaces

as directed, miss every 18th space in 3d row. Make **8 more** rows of spaces, decreasing as directed for the small doily.

13. For the openwork center, ch 4 for a d tr, * ch 5, d tr in 3d sp, repeat around, joining last 5 ch to top of 4 ch.

14. Sl st to middle of sp, ch 4 for a d tr, * ch 3, d tr in sp; repeat around, joining last 3 ch to top of 4 ch.

15, 16. Like 10th and 11th rows of center of small doily. Fasten off.

CHAIR-BACK, VASE OF ROSES

Figure 12. Use any size of thread that is desired, this depending on the size of the chair-back wanted. No. 50 ecru crochet-cotton makes a very attractive piece of work. It will be noted that there is a slight variation between the illustration and the directions, the latter giving an additional space, which is taken care of in the 3d and 4th rows. This is done in order to make a complete reverse, the odd space coming at the center of the pattern; otherwise there would be one less space on one side than the other, so that the reverse would not be perfect.

The work is begun at top or straight edge with a chain of 320 stitches.

1. A tr in 8th st of ch from hook, 104 sp, (of ch 2, miss 2 tr in next).

2. Ch 5 (for 1st sp of row), 104 more sp.

31. Three sp, 10 tr, 2 sp, 19 tr, 20 sp, 7 tr, 5 sp, 4 tr, 7 sp, 7 tr, 1 sp, * 4 tr; reverse, narrowing 2 sp. This narrowing may be done by slip-stitching back over 2 sp at the beginning of the following row, or by working the last three sp of the row thus: Make the first as usual but leaving the last 2 st on the needle, d tr in next tr, working off only 2 st, t tr in last tr of preceding row, and then work off all st on the needle, 2 at a time, leaving you ready to begin the next row. Any number of sp may be dropped at the end of a row by this method.

55. Same as 53d row.
56. One sp, * (4 tr, 1 sp) twice, 4 tr, 3 sp; repeat, ending with 2 sp, join.
57, 58. Like 9th and 10th rows.

Fold the bag evenly and join the top of last row by taking a stitch from each side, drawing the thread through both as 1 stitch. At the corners and center of square and attach a crocheted ball, and also one at the point. The rings may be made by winding thread twenty-five or thirty times around two fingers, and filling closely with double crochet; or ivory rings may be used, covered with crochet or not, as preferred.

To make the balls, chain 3, 6 doubles in 1st stitch of chain, join; 2 doubles in each double, working in both veins of the stitch, join; do 3 rows plain, then narrow by taking 2 stitches together, all around, pack with cotton, using the end of your crochet-needle, narrow off, draw together snugly, fasten, and make a chain of 5 stitches, joining to the bag.

Using the same general directions, these miser-bags may be of any desired size. Crochet-silk may be used,

and the work done throughout in double crochet, for a coin-purse; begin at the point, as directed, widen until as large as wanted, then continue to the square end, making the opening at center. If you wish a bag large enough for shopping, continue the shells as in 5th and 6th rows until you have the requisite width, then do straight work to the other end, making the opening proportionally larger.

Figure 53. Using No. 40 crochet-cotton, make a ring by winding the thread several times around one finger, slip off and fill closely with 38 doubles; (chain 3, miss 1, a double in next) 13 times, 12 doubles in 12 doubles, turn, a double in each double, taking back vein of stitch, and continue working back and forth until you have 5 ridges; widen at beginning and end of last row by making 2 doubles in a stitch.

1.   Ch 3, 2 tr in same place, (ch 2, miss 1, 1 tr) 7 times, 2 more tr in same place, turn.

2.   Ch 3, miss 1 tr, 3 tr in top of next, * 3 sp, draw up a loop through next sp, (over, draw up a loop in same sp)

4 times, ch 1 to close the cluster, tr in tr, 3 sp, 2 more tr in same st, turn.

3.   Like 2d row to *, 2 sp, 1 cluster, 1 sp, 1 cluster, 2 sp, 2 more tr in same place, turn.

4.   Same as 2d row.

5, 6.   Like 2d to *, 7 sp, 2 more tr in same place, turn.

Repeat from 2d row until you have fourteen patterns, ending with 5th row, turn.

Work a double in each space and double in treble, turn; miss 1st double, a double in each of 12 doubles, turn. Work back and forth on 12 doubles, taking back loop of stitch, until you have 5 ridges; then make 10 doubles in 10 doubles, turn, chain 14, miss 7 doubles, a double in each of next 2, turn, fill chain with 30 doubles, a double in each of next 2 doubles, turn, chain 3, fasten in 1st double of ring, * chain 3, miss 1, fasten, repeat around; fasten off.

Figure 54. For the roses:

1.   Wind the working-thread 10 times around a match, slip off and work 20 d c in the ring.

2.   Ch 6, (miss 3, 1 d c, ch 5) 4 times, join to 1st st of 1st 5 ch, making 5 sp or loops in all.

3.   Under each 5 ch work 1 d c, 7 tr, 1 d c.

4.   Ch 6, fasten between petals at back of work; repeat around.

5.   Under each 6 ch work 1 d c, 9 tr, 1 d c.

6.   Like 5th row, with ch of 7 st each.

7.   Under each 7 ch work 1 d c, 11 tr, 1 d c.   Fasten off securely.

inch in length, and one an inch and a half long; cover the ring and bar, to the clasp, with double crochet; over the clasp of each small ring sew a small rose, made as directed; fasten a similar rose to clasp and ring of the larger pin, and to the middle of bar a third rose made as directed, but with petals of double trebles instead of trebles, 1 double and 1 treble at beginning and end of each petal.
